

These records were made at the same time the information for the 1860 census was obtained, but are on a separate schedule. It is known that the lists are not always complete and some deaths were omitted. In the transcription given below, we have omitted the deaths of infants, blacks and persons living in the city of St. Louis. Abbreviations used are: m - married; w - widowed; s - single.

Name	Age	Md. Wid.	Where born	Mo. died 1859-60	Occupation when given
