City of St Louis, St Louis Co., Missouri  
Coroner Inquest Records

At the End of April, FS uploaded another 27 Films for the City of St Louis [Over 40,000 Images]

This collection ranges in time frame from 1848 to 1900

Because the Films differ in the amount of images, creating charts for them has proved to be interesting.

Additionally, most if not all of the Films carry over from one another. I have tried to make a pdf chart that is basically chronological.

Also, the chart is different in that the Files are listed by Case Number, Month / Year and Image Range.

The Chart is searchable, so you can find Case Numbers and Dates easily,

Below is a Chart with all of the Films linked to FS Historical Images

The Missouri Digital Heritage Site has a [Searchable Database for MO Coroner Records](#).

I think I found a way to use both the MO Database and the Film to locate folks of interest ~ Linked Chart Above....

But, you, the researcher will need to have at least a last Name to work with. The Keyword Search works with Surnames.

In April of 2025, FamilySearch Historical Images uploaded 13 Films [46,000 Images]  
which contained Coroner Inquest Records for the City of St Louis. The time frames: 1845 - 1885

The Film linked below is different, see explanation

[Film 119482084 \[1872-1876\]](#)

Explanation:

This film is a bit different. The Folders do not have dates on them,

They do have names, a year and a Case #. The writing on the folder appears to have been written in pencil and is very faint - hard to read.

The folders are in Numerical Order by Year then Case #

There are several years on this film: 1872 , 1874 & 1875 and to April 1876

Below are the Image Ranges and Case Numbers so you can find the correct Folks after you have done a Search on the MO Digital Heritage Site:

1872: Cases 0501 - 1062 / Images 4 - 1049

1874: One Case: Jerry McGirk, Images 1051-1061 [Case 0038]

1875: Cases 0012 - 0609 / Images 1061 - 4357

1876: Cases 0001 - 0089 / Images 4362 - 4887
